

Welton Ambassador

16.3 hh, Bay 7/8th TB Stallion, 9" Bone, 1985
Welton Louis x Minerva (by Ben Faerie)

Approved and Registered SHB(GB) Stallion - Advanced Event Horse

Welton Ambassador is by the superb stallion Welton Louis (sire of Welton Romance [1995 European Champion]), out of the Ben Faerie mare Minerva (also the dam of the 2000 Rolex Kentucky CCI**** winner, Welton Envoy, as well as a full sister to European Champion Nightcap). An Advanced Event Horse in his own right, Welton Ambassador has a number of Advanced progeny, including Cornish Envoy (6th Burghley).

Welton Ambassador stamps his stock with superb movement, excellent limbs, boldness, and very good looks.

He is well-known for producing top-class eventers, dressage horses AND show winners; in 1998, he won the database award for the young stallion whose progeny had gained the most points in Horse Trials, and in 2001 he was awarded "Highest Rising Stallion" in the dressage rankings by the Supporters of British Breeding.

With youngstock on the ground in Australia, Italy, Austria, Belgium, Brazil, and the United States, he is clearly a stallion who catches the eye of discerning breeders around the globe.
